To Whom It May Concern:

Snake River Produce is located in Nyssa, Oregon in the heart of the Idaho-Eastern Oregon onion region. Snake River Produce selects only the finest onions that are grown in the fertile Snake River Valley, which is well known for its delicious, mild flavored Sweet Spanish onions. Sweet Spanish onions are zesty and full of flavor when raw, but once cooked they become mellow and savory. Snake River Produce onions are available in yellow, white, and red varieties as well as an assortment of sizes and packaging. Snake River Produce onions are typically available from August through March.

Established in 1999, Snake River Produce was owned and operated formerly by Muir-Roberts Co., Inc. headquartered in Salt Lake City, Utah. Muir-Roberts operated this facility for approximately 50 years and in 1999, four onion growers, Reid Saito, Ken Teramura, Les Ito, and Ross Nishihara, along with Kay Riley, former Vice President of Operations for Muir-Roberts purchased the assets and business from Muir-Roberts. Pat Takasugi, a local onion grower and Idaho State Representative joined the business in recent years as a part owner and grower.

Snake River Produce is well established with existing customer and grower bases. Mr. Riley has more than 25 years experience in the produce industry and has handled the sales for this division since 1993. Tiffany Cruickshank joined the Snake River Produce team in 2010 working as the Transportation Manager and assisting in the Sales and Marketing.
